

Corporate & Community Group Volunteering

The City of Parramatta's precious bushland provides many benefits to the community. Greenspace in urban environments is essential habitat to our remaining wildlife and creates clean air for us to breathe and a tranquil escape from fast paced city life.

Volunteers play an important role in helping the City of Parramatta restore our bushland. Corporate & Community group volunteering events work hand in hand with the work already being conducted by our regular Bushcare Volunteers. Our Bushcare volunteers work across the year conducting bushland regeneration activities such as weed removal, planting and watering seedlings.

City of Parramatta Council can work in partnership with Corporate and Community groups to tailor each event to suit their needs.

- For small groups (around 5 people), we can organise to have you join one of our regular Bushcare groups on a weekday or weekend for a 3 hour working bee.
- For larger groups (5-30 people) we can organise a dedicated working bee for the group on a weekday.
- For groups larger than 30, consider joining us to plant native seedlings at our Annual National Tree Day event in late July each year. You can find our event on the Planet Ark website here: <https://treeday.planetark.org/>

Our team requires a **minimum of 8 weeks notice** of interest in an event to adequately prepare a site and resources and are limited to a finite number of events each year. We may be able to organise working bees for smaller groups with less notice.

Due to high demand we can only facilitate corporate Bushcare events with businesses with an office located in the City of Parramatta Local Government Area (LGA). We suggest that business groups located outside Parramatta's LGA contact their local Council or the not for profit groups [Greening Australia](#), [Landcare Australia](#) or [Conservation Volunteers Australia](#) for assistance with a volunteer event.

"Effective organisations are able to share their vision and goals with others. This allows them to engage partners in helping to achieve the vision. Parramatta City Council has many potential partners in helping Parramatta being the Leading City at the Heart of Sydney. We work with many businesses and community groups to achieve environmental, social and economic outcomes as defined in the Triple Bottom Line Strategies."

- City of Parramatta Council Productive Partnerships Policy 2004

Corporate & Community Group Volunteer Event

Deliverables and Inclusions:

City of Parramatta Council will work with your organisation to negotiate deliverables and inclusions. Our volunteer events run for a **maximum of 4 hours**. The following items can be provided by City of Parramatta Council:

- Site and activity risk assessment
- Site preparation and maintenance (mulching, watering etc.)
- On the day Bushcare supervision and technical advice
- Public Liability Insurance for registered volunteers aged 16-90 years working under the supervision of Council staff or Council-appointed contractors
- Equipment (loan of tools, gloves etc)
- Native plants for revegetation projects (April – September only)

The City of Parramatta Council **does not** provide the following therefore your organisation may like to:

- Transport to / from the event site
- Mobile / additional toilet facilities (Public toilets may not be on site)
- Catering (including water for handwashing or drinking)
- Marquee (Shelters may not be on site)

The City of Parramatta Council greatly appreciates your interest in helping us restore our beautiful bushland.

If you have any queries or would like to express your interest in a Corporate or Community Group Volunteer Event please contact our team at:
