1. Scope

This policy applies to all City of Parramatta Council Officials, service providers/service partners, volunteers and members of the public.

2. Purpose

The purpose of this policy is to provide guidance to Council Officials in responding to a Data Breach, whether it is deemed to be a minor Data Breach, or a Data Breach that is notifiable under the New South Wales Mandatory Notification of Data Breach (MNDB) scheme established under Part 6A of the *Privacy and Personal Information Protection Act 1998* (NSW).

The purpose of this policy is also to provide guidance to Council Officials, service providers/service partners, volunteers and members of the public on how to report actual or suspected Data Breaches and the process that Council will take to respond to such Data Breaches.

For the purposes of this policy, a Data Breach will include the unauthorised access, unauthorised disclosure or loss of Personal Information, Health Information and Commercial Information.

3. Policy

Council is committed to protecting any Personal Information held, including that of its own Council Officials, volunteers, service providers/service partners and community members. To ensure such protection, Council has strict obligations for the management of Personal Information, which is set out in Council's Privacy Management Policy and Privacy Management Plan. While every measure is taken to protect Personal Information, Council acknowledges the significant risks of Data Breaches, particularly with growing technological advancement and the increased rate of cyber-attacks. In preparedness for such Data Breaches, Council has prepared this Data Breach Policy to demonstrate how Council will respond to reduce the impacts of a Data Breach in the event that one should occur.

This Data Breach Policy addresses the processes that will be taken in the event that there is an Eligible Data Breach, which is required to be notified to the NSW Privacy Commissioner pursuant to the *Privacy and Personal Information Protection Act 1998 (NSW)*.

3.1. Processes for identifying and reporting breaches

Data Breaches are most commonly identified by reports from Council Officials, volunteers, service providers/service partners, members of the public or other organisations who have become aware of unauthorised Access, unauthorised Disclosure or loss of Personal Information or Commercial Information.

Please refer to section 6 of this Data Breach Policy for information on what constitutes a Data Breach. Data Breaches may also be identified by a cyber security incident such as malware, a hacking attack, ransomware, denial of services, phishing attack or a combination of these.

Council has in place several systems for the identification of Data Breaches, including comprehensive cyber security, security systems and auditing requirements which are undertaken in accordance with Council's Risk Management Policy and Procedure.

All reports of suspected or actual Data Breaches must be made to the Privacy Officer via email at governance@cityofparramatta.nsw.gov.au or phone +61 2 9860 5050.

3.2. Managing collaborations and implementing contractual controls

Service providers/service partners will be provided with a copy of this Data Breach Policy where necessary. Key contacts of service providers/service partners will be kept up to date to ensure that Council's response to a Data Breach can be managed efficiently and effectively with a view to reducing the harm caused.

Any contracts entered with service providers/service partners will include provisions which require service providers/service partners to report any Data Breaches to the Privacy Officer immediately.

3.3. Schedule for regular testing and updating of this Policy

This Data Breach Policy and the Data Breach Procedure will be reviewed annually with the Privacy Policy and Privacy Management Plan. Randomised testing will occur regularly to assess the effectiveness of Council's response to Data Breaches, and to assess whether there are any risks which need to be addressed.

3.4. Training and awareness

Council disseminates information about its procedures for Data Breaches to Council Officials along with the Privacy Management Policy and Privacy Management Plan.

Council will:

- Ensure that Council Officers receive a copy of the Data Breach Policy when they commence employment at Council.
- Ensure that Council Officers are promptly notified of updates to the Data Breach Policy.
- Provide training and targeted advice to Council Officers and business units to help them understand how to implement the information contained in this Data Breach Policy and the Data Breach Response Procedure. This training will emphasise the containment, assessment and notification of Data Breaches in compliance with legislation.

Date of Commencement: 18 March 2025	Approval Authority: ET	Date Approved: 18 March 2025
	Date of Next Review: March 2028	Review: 3 years

- Encourage Council Officers to refer to this Data Breach Policy and the Data Breach Response Procedure, and to liaise with the Privacy Officer if they are unsure about a Data Breach issue.
- Ensure that Council Officers can easily access a copy of this Data Breach Policy and the Data Breach Response Procedure via the intranet.
- Promote awareness and compliance with Data Breach requirements by participating in promotional activities as part of the annual Privacy Awareness Week.
- Give service providers/service partners a copy of this Data Breach Policy and training where necessary depending on the extent of their involvement with Personal Information.
- Ensure that elected Council Officials and the Audit, Risk and Improvement Committee is provided a copy of this Data Breach Policy and the Data Breach Response Procedure.

3.5. What Constitutes a Data Breach

A Data Breach is an incident where an unauthorised access to, or unauthorised disclosure or loss of, Personal Information, Health Information or Commercial Information has occurred. The information may have been compromised, disclosed, copied, transmitted, accessed, removed, destroyed, stolen, or used by unauthorised individuals, whether accidentally or intentionally.

Examples of a Data Breach include:

- A database that contains individuals' Personal Information has been accessed by an unauthorised person.
- Personal information held by Council is disclosed by an unauthorised person.
- A device containing Personal Information or Commercial Information is lost or stolen.
- A cyber-attack has occurred which has resulted in stolen Personal Information.

3.6. Data Breach Response Strategy

Following the report of a Data Breach, the Privacy Officer and Response Team must conduct a four-step response process as expeditiously as possible.

Data Breach Policy		
Owner Chief Technology Officer	Area: Information Technology	ECM # 689858
Date of Commencement: 18 March 2025	Approval Authority: ET	Date Approved: 18 March 2025
	Date of Next Review: March 2028	Review: 3 years

These four steps include containing, assessing, managing, reporting, and reviewing the Data Breach.

Step 1: Containment and preliminary assessment

Council shall prioritise the containment of the Data Breach to mitigate harm. The Privacy Officer will take all necessary steps possible to ensure the containment of the breach and minimisation of any resulting damage. The steps taken may involve:

- Recovering or deleting information.
- Suspending or shutting down the system that has been breached.
- Suspending or abandoning the activity that has resulted in the Data Breach.
- Changes or revoking access codes and/or passwords.

The Response Team must conduct a preliminary assessment in accordance with the Data Breach Procedure to gather facts and assess the seriousness of the Data Breach.

Step 2: Assessment, evaluation and mitigation

Assessment of actual or suspected Data Breaches will be undertaken in an expeditious manner, and in any event, within 30 days.

The Response Team will undertake the assessment in accordance with the Data Breach Procedure. Council recognises that each Data Breach is different and should be treated on a case-by-case basis. The Response Team's assessment will include, but is not limited to, the assessment of:

- The type of information affected by the Data Breach.
- Who is affected by the Data Breach.
- The cause of the Data Breach.
- The foreseeable harm to affected individuals/organisation.

Following the assessment, further mitigation strategies will be implemented as necessary in accordance with the Data Breach Procedure.

Date of Commencement: 18 March 2025	Approval Authority: ET	Date Approved: 18 March 2025
	Date of Next Review: March 2028	Review: 3 years

The Response Team must notify other organisations if required, such as the NSW Police in the case of theft, or the Australian Cybercrime Online Reporting Network in the event of a cyber-attack.

Further information on specific reporting requirements to other organisations, including where notification is necessary or where there is discretion, and how that discretion is exercised, is contained in the Data Breach Response Procedure.

Decision about the Data Breach

If the Response Team determines that the Data Breach involves the unauthorised access, unauthorised disclosure or loss of Personal Information, and that access, disclosure or loss would cause an individual serious harm, the Data Breach is an Eligible Data Breach under the MNDB scheme. Note that unauthorised access or disclosure or loss of Commercial Information is not notifiable under the MNDB scheme unless it contains Personal Information.

NOTE: A decision about whether the Data Breach is an Eligible Data Breach may be made during any of the former steps depending on its nature.

Step 3: Reporting the data breach

Reporting to the NSW Privacy Commissioner

Where it has been determined that an Eligible Data Breach has occurred, or that there is reasonable ground to believe that an Eligible Data Breach has occurred, the Council will immediately notify the NSW Privacy Commissioner. Notification requirements, including the information to be provided, is contained in the Data Breach Procedure.

Where a Data Breach is not an Eligible Data Breach, the Data Breach may still be reported to the NSW Privacy Commissioner in accordance with the Data Breach Response Procedure.

The *Privacy Act 1998* requires Council to report to the Australian Privacy Commissioner instances where a Data Breach affects the tax file number of individual/s. If this occurs, the Council will immediately notify the Australian Privacy Commissioner (*c/- the Office of the Australian Information Commissioner*) of the Data Breach in accordance with the Data

Breach Procedure. The requirement to notify the Australian Privacy Commissioner is in addition to the requirement to notify the NSW Privacy Commissioner.

Reporting to the affected individual or organisation

The Response Team will notify each individual or organisation to whom an Eligible Data Breach relates and provide them with information about the Eligible Data Breach in accordance with the Data Breach Procedure. Where a Data Breach is not an Eligible Data Breach, Council may still provide voluntary notification to individuals and organisations where appropriate.

Council will publish a public notification of the Data Breach if it is not reasonably practicable to inform each individual or organisation, or if the Council otherwise deems it appropriate. The public notification will be published on Council's website in accordance with the Data Breach Response Procedure.

After the public notification of an Eligible Data Breach is published, Council will inform the NSW Privacy Commissioner of how to access the notification.

Step 4: Reviewing the data breach

The Response Team will coordinate a further investigation into the circumstances of the breach to ensure that any processes or weaknesses in data handling that may have contributed to the Data Breach are identified and remediated. Such investigations will be undertaken in accordance with the Data Breach Procedure. This will mitigate future risks and ensure Council's proactive management of Data Breaches.

Disciplinary measures

Where a Data Breach has resulted from a deliberate act of a Council Official, Council will take disciplinary measures in accordance with the Model Code of Conduct.

Where a Data Breach has resulted from an act of a volunteer or service provider/service partner, Council may take steps to terminate their engagement.

3.7. Record-keeping requirements

Data Breach Register

Council will maintain an internal Data Breach Register which details:

- Who was notified of the Data Breach.
- When the Data Breach was notified.
- The type of Data Breach.
- The steps taken by Council to mitigate the harm done by the Data Breach.
- Details of the actions taken to prevent future Data Breaches.
- The estimated cost of the Data Breach.

Public notification register

Council will keep a public notification register that is available on its website. The Data Breach Scheme Public Notification Register will contain details of the Data Breaches that have been notified to the public, including all information provided to an individual or organisation when they are notified of a Data Breach.

Personal Information or information that could prejudice Council's functions will not be published on the public notification register. Data Breaches published on the public notification register will remain on the register for at least 12 months.
