The locker is available for use from the date of receipt of the key.

At the end of the rental period the Rental Agreement may be renewed if you have paid Council the rental charge for the renewed period and complied with the conditions set out in this agreement.

Should you not renew the rental agreement then you must remove any personal belongings prior to the end of the rental period and return the locker key to Council within 10 working days of the end of the rental period. Any personal belongings left in the locker at the end of the rental period will be removed by Council and stored for a period of three calendar months from the end of the rental period after which Council will dispose of them without any recompense to you.

You can terminate the rental agreement by advising Council in writing and returning the key at which time Council will refund the key deposit. Any remaining rental fee will be refunded should it be in excess of three calendar months on a pro rata rate.
You can only use the locker for storing a bicycle and associated equipment.

If you lose the key you must advise Council immediately that you discover the loss; we will try to open the locker for you as soon as possible; you must pay a replacement key deposit (at the current rate) before we will give you a replacement key; and you cannot use the locker until a new lock is installed.

Should the locker be damaged in any way you are to advise Council immediately and help Council in any investigation or court action. Should the damage not be as a result of any action or negligence on your part then Council will endeavour to allocate you an alternative locker should one be available.

Should you not comply with any the rental agreement conditions then Council can terminate the agreement immediately notifying you in writing and removing any possessions from the locker and allocate it to someone else. You are to indemnify Council against any cost, loss, or damage which Council may incur or suffer as a result of the non compliance.
