

## Signposting and Linemarking of Driveways

### **QUESTION: How do I get lines painted near my driveway to stop people parking there?**

Council allows residents and businesses to line mark the road surface near their driveway in accordance with the sketch plan on the back of this page. Alternatively, Council can undertake the work for a fee of \$288.40 including GST (as per Council's Fees and Charges 2020/2021). This fee does not include the ongoing maintenance of the lines if they become faded. Please note that it is illegal to park across a driveway regardless of the line marking.

### **QUESTION: Can I get a 'No Stopping' or 'No Parking' sign installed near my driveway?**

Parking near driveways occurs frequently in urban areas. Council understands it can be frustrating when motorists do not give consideration to the local community when parking close to property driveways. City of Parramatta generally does not signpost individual driveways or intersections as parking at these locations is covered under Road Rules 2014 and the installation of signage would result in visual pollution and excessive maintenance costs if applied broadly. You may install a 'No Parking across Driveway at Any Time' sign on your gate or fence.

### **QUESTION: How can I report illegal parking to Council?**

You can report illegal parking and local Council matters as they occur via Council's Customer Service team on 9806 5050 or email [council@cityofparramatta.nsw.gov.au](mailto:council@cityofparramatta.nsw.gov.au). Council Officers can attend to parking complaints from 7am-7pm Monday to Saturday and from 7am-2.30pm on Sunday.

### **QUESTION: I want to pay Council to install the line marking, what do I do now?**

If you wish for Council to undertake the work, then please advise the Traffic and Transport section on 9806 5050 or email [traffic@cityofparramatta.nsw.gov.au](mailto:traffic@cityofparramatta.nsw.gov.au) and Council will arrange for an invoice to be sent to you. Once paid, Council will arrange for the work to be completed.

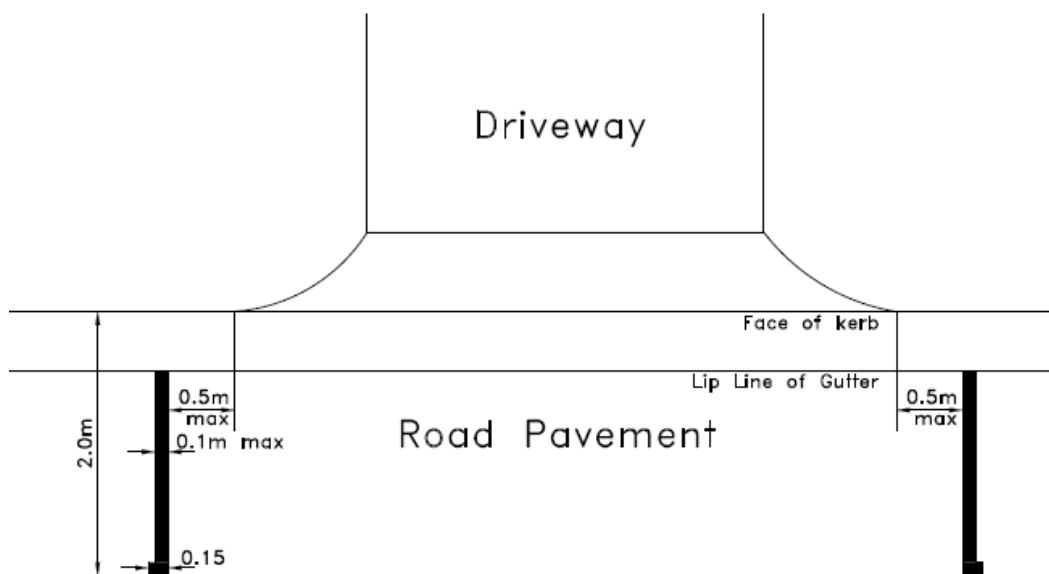

### **QUESTION: I want to organize the linemarking myself, can I?**

If you intend to arrange the line marking, please ensure that the work is undertaken in accordance with the sketch plan. Any work that is not done in accordance with the plan may be removed by Council. The organisation or person undertaking the work is required to submit a Temporary Road Occupancy Application online (refer to Council's web site at [www.cityofparramatta.nsw.gov.au](http://www.cityofparramatta.nsw.gov.au) → Contact us → Council Service → Lodge an Application → Roads and Related Infrastructure.).

### **QUESTION: We have multiple driveways to mark, is there a different price?**

Council can undertake the work for a fee of \$288.40 including GST for one driveway and a further \$200.00 including GST (as per Council's Fees and Charges 2020/2021) for each additional driveway. This fee does not include the ongoing maintenance of the lines if they become faded. If you would like further details on multiple driveway line marking please contact the Traffic and Transport section on 9806 5050 or email [traffic@cityofparramatta.nsw.gov.au](mailto:traffic@cityofparramatta.nsw.gov.au)

Specification for pavement lines at driveways:

Lines to be marked by an appropriate contractor in a workman like manner, using white paint, in accordance with the above dimensions.
