

🚲 CYCLING - BUILD IT INTO YOUR DAILY LIFE!

Riding a bike is a fun, healthy activity

This map is designed to help people who ride, or want to ride a bike, to find the best routes around Parramatta. A 2008 Federal Health Department report says the Federal Government saves more than \$220 million a year in health costs alone through people riding bicycles.

The map shows you the best cycle connections, the least hilly routes and where to park your bike. With today's congested major roads, cycling can often be quicker than driving a car or using public transport. And substituting cycling for driving trips will ease the strain on the budget as petrol prices head relentlessly north.

Cycling will also help you keep fit and healthy. Everyone can experience significant health benefits by doing 30 minutes of moderate physical activity a day. An easy way of achieving this level of activity is to build it into your lifestyle, through activities like cycling to work or to social

or sporting events. Building cycling into your day will also help to improve the urban environment we live in and travel around every day.

About the Map Routes

Routes have been selected by experienced cyclists and are wherever possible, on quieter suburban streets or on offroad pathways, although the shoulders of some motorways are also shown because they are open to competent adult cyclists. At all times and in all places, though, riders using this map must be aware of surrounding traffic and conditions and be responsible for their own safety.

Many of the routes have been signposted by local councils as part of their bike plans. Not all such routes are necessarily shown on the map - isolated or disconnected facilities have often been ignored if they don't directly assist commuters, particularly those en route to

Westmead or Parramatta. In some cases, pedestrian laneways and subways are used to connect useful cycling streets - consider walkers by wheeling bikes when necessary here and beware of flights of steps in some of these locations.

Cycling at Sydney Olympic Park (SOP)

SOP has over 35km of cycleways. The Kids in the Park Program offers cycling skills education for children 8 to 12. Visit www.kidsinthepark.com.au Specially designed short circuits for children are located on the Village Green at Bicentennial Park, Concord West and Wentworth Common. Three colour-coded circuits of 6, 8 and 15km allow cyclists to explore the Olympic precinct and Bicentennial Park with its heritage features, woodlands and wildlife refuges.

Bike Hire is available 7 days a week. See www.sydneyolympicpark.com.au/cycling

CYCLING SAFETY AND TIPS

Avoiding road hazards

- Be seen - wear bright visible clothing
- Be predictable
- Assertively take your space on the road
- Ride out from opening car doors

Your rights as a cyclist

- Occupy a whole lane
- At 60km/h or lower, vehicles must pass cyclists with a minimum of 1m
- At 60km/h or over, the minimum distance is 1.5m
- Ride two abreast, no more than 1.5m apart
- Travel on footpath only where indicated by signs
- Travel in Bus Lanes and Transit Lanes, except for Bus Only Lanes
- Ride on the footpath if you are less than 16 years old (or an adult accompanying a child under 16)
- Travel to the front of a line of traffic on the left hand side
- Turn right from the left lane of a multi-lane roundabout

Things to remember

- Wear an approved bike helmet
- A bike must have at least one working brake and either a bell or horn
- At night, a bike must have a steady or flashing white light at the front and, at the rear, a steady or flashing red light and red reflector
- Your bike is a vehicle: failing to obey road or bike rules may result in a fine

For more information on bike safety and regulations, contact your local council.

Cycling skills courses

If you're new to cycling or want to improve your skills, why not join a cycling group? Practise stopping and starting, riding through narrow gaps, manoeuvring and taking tight turns, using gears and cycling in traffic. Contact your local Bicycle User Group (BUG) or Addventagous - a local cycling social enterprise. www.facebook.com/YourCyclingConnections

WHY CYCLE?

It's good for your health!

Get active - your way

People need to be active to be healthy. Your health can be improved by building physical activity into your daily life, and the good news is, it doesn't take much to make a difference.

Physical activity has numerous benefits

- Feel more energetic
- Enhance your level of concentration, learning and memory
- Help manage weight
- Feel more confident, happy, relaxed
- Sleep better and improve your sense of well-being
- Reduce your chance of heart disease and cancer

It's good for the environment!

Cycle for a sustainable future

When you cycle or walk you help the local and global environment. For every litre of fossil fuel used, a motor vehicle produces a staggering 10,000L of carbon dioxide, a gas that contributes to global warming.

It's good for your wallet!

Petrol prices will only go one way, so why not use your own fuel? (Kilojoules, that is).

As little as 30 minutes of moderate physical activity a day, like cycling or walking, can help you improve and maintain good health.

Public Transport

A bicycle can be taken on a Sydney or Intercity train for free at any time if you are using an Opal card.
Bicycles cannot be taken on buses, but are permitted on Sydney Ferries for free at all times. The crew can refuse to allow a bicycle on board if there are safety or space concerns.
You can take your bicycle on light rail free of charge at any time, but staff may restrict the number of bicycles or refuse access when carriages are crowded.
Phone: 131 500
or visit: www.transportnsw.info or www.131500.info

Park and Ride

Bike sheds are enclosed shared shelters where bicycles can be stored safely and protected from bad weather. Entry is linked to your Opal card and is free of charge. Sheds are available at: Blacktown, Epping, Rhodes, West Ryde, Seven Hills and Parramatta Station.
Bike lockers are individual lockable spaces and can be rented. Lockers are available at the following:
• Ferry wharves: Parramatta, Kissing Point, Meadowbank, Rydalmere.
• Train stations: Auburn, Blacktown, Concord West, Epping, Granville, Lidcombe, Marayong, Meadowbank, Merrylands, North Strathfield, North Strathfield, Parramatta, Sydney Olympic Park, Westmead.
