Diversity, access and equity expressed through the support of programs, projects and activities that represent a broad spectrum of local needs, cultures and interests.

Outcomes orientation in which grants administration focuses on maximising the achievement of strategic directions and lasting outcomes rather than outputs.

Proportionality in which key program design features and related administrative process are commensurate with the scale, nature, complexity and risks involved in the granting activity.

Collaboration and partnership in which effective consultation and a constructive and cooperative relationship between the City, grant recipients and other relevant stakeholders contributes to achieving more efficient, effective and equitable grants administration. This includes collaboration between different units of the City of Parramatta.

Governance and accountability in which a robust governance framework clearly defines the roles and responsibilities of all parties in the process and supports public accountability for decision making grants administration and performance monitoring.

Probity and transparency in which grants administration reflects ethical behaviour, in line with Council's Statement of Business Ethics and Code of Conduct and complies with public reporting requirements.

Achieving Value with public money through careful consideration of costs, benefits, options and risks.

GRANTS PROCESS

Applications

All applications must be made online through the SmartyGrants online grants management system before the closing time. Council will not accept any hardcopy or emailed submissions. Computers can be booked at all City of Parramatta Council library branches, if required.

Applicants will be required to register with SmartyGrants before accessing the application form. If you or your organisation has used SmartyGrants to apply for a grant previously to any grant maker, then you are already registered. It is strongly recommended that you use a generic organisation e-mail to create your login, such as admin@, info@, manager@ etc. So as to keep your grant applications together and maintain access if an individual staff member should leave.

If you need any assistance in preparing your online application, please contact the Community Capacity Building Team on 9806 5110 or at grants@cityofparramatta.nsw.gov.au

Assessments & Recommendations

When applications are received, they are processed by Council staff, who check each application's eligibility. Applications determined to be ineligible will not process to assessment. All applications are assessed by an internal working group, comprising of Council staff members or independent external assessors as required. The results of these assessment panels are presented to a sub-committee of Councilors, who review recommendations that will be made to Council.

Approval

The elected Council is the primary approver of grants. Council can delegate this approver role to the CEO or a designated manager. The funding decisions made are final. City of Parramatta Council reserves the right to alter the total amount of funds to expended in each category, based on the applications received. Due to competition for funds, partial funding is sometimes offered.

Unsuccessful applicants are encouraged to seek feedback and can make a request to grants@cityofparramatta.nsw.gov.au. Some grant programs are highly competitive and even though an application may meet the program criteria it may not be as competitive when assessed against other applications.

Funding Agreements

All successful applicants are required to enter into a funding agreement before grant payments are made and before a project can commence. Funding Agreements specify any conditions or specific requirements to the funded project, the payment schedule, the terms on which payment is made, the reporting and acquittal requirements, and the responsibilities of both the signatories.

Reporting

All grant recipients are required to report on and acquit their project(s) as detailed in their funding agreement. Report templates are available and should be submitted through the SmartyGrants online grants management system. Reports provide feedback on the success of the project in terms of the agreed outputs and outcomes, relevant data and any lessons learnt. Detailed financial reports will be required and grant recipients may be requested to provide further documentation and evidence of expenditure.

Grants Support and Monitoring Program

City of Parramatta Council is committed to achieving industry best outcomes in partnership with grant recipients. To achieve this, Council coordinates a Grants Support and Monitoring Program to strengthen the community sector in Parramatta. The program has four components:

- Grants monitoring - ensuring implementation of relevant Council policies and protocols, assisting Council Officers to effectively target support and resources to grant recipients and identify delivery and/or reporting challenges.
- Individual support and consultancy - a Council Officer is matched to each applicant who received the offer of tailored advice and support as required.
- Professional development workshop program - covering relevant topics for potential grant applicants e.g., grant writing, showcasing of successful community capacity building projects, auspicing, philanthropy, evaluation and leadership.
- Community Capacity Building email information network - used to distribute information on funding and professional development opportunity.

OTHER KEY CONSIDERATIONS

Auspicings

Sometimes individuals, unincorporated associations with with great community project ideas partner with existing not-for-profit organisations to access funding and help a project happen in our community. This type of relationship is often called 'auspicing'.

Auspicing can be relatively quick and efficient way to secure funding and get a community project started, in some cases, without establishing your own organisation. The organisation providing the auspice for your project may offer particular skills, infrastructure, resources, legal and insurance protection and management assistance for your project, depending on what is agreed.

City of Parramatta Council accepts applications from organisations that are providing such auspice arrangements to groups that would otherwise not be eligible for funding. In such cases, the organisations providing auspice should complete the application from as the "Applicant Organisation" as they are the organisation that enters into a formal funding relationship with Council if successful.

In recognition of the services provided by an auspicings organisation, City of Parramatta Council accepts the inclusion of an auspice fee in the budget up to 10% of the total amount being applied for.

Taxation

In accordance with the Goods & Services Tax (GST) legislation that came into effect on 1 July 2000, if you do not have an Australian Business Number (ABN), City of Parramatta

Council may be required to withhold 48.5% of any funds allocated.

All financial information provided should be exclusive of GST. Successful organisations/groups that have provided GST registration information will receive the allocated grant amount plus GST.

Projects involving Children

Where a project will involve adults working with children, successful applicants must undertake the necessary 'Working with Children' checks. The applicant must provide City of Parramatta Council with a letter advising of the successful completion and clearance of these checks within four months. The letter must be signed by an office bearer of the organisation receiving the grant.

Multiple Applications

Multiple applications from one organisation (or partnership) will be considered where proposals relate to separate projects. Applications for a specific project will be considered in one category only, and applicants must nominate the category in which they wish to be considered.

The exception to this is for Small Grant Fund applications, where applicants are able to apply for new project costs or liabilities that emerge since applying in the annual application process. Organisations also applying for annual grants are also able to apply for quarterly grants in rounds that commence after the closing date of the annual grant round.
