

Truck Art Competition

Calling all kids at a school or a preschool in the Parramatta local government area! The popular truck art competition is back again and we are seeking great designs from our young residents about how to solve a waste problem we face.

What is the challenge?

This year's challenge is to teach our community how to put bins out correctly on the bin night. When bins are placed too close to a tree, power line or car, or if they are facing the wrong way, collecting them can be dangerous if not impossible for the garbage truck drivers. With more than 100,000 bins to collect every week, correct bin presentation helps ensure everyone's rubbish gets collected on time and that our drivers stay safe.

Students are asked to apply their creativity and artistic skill to either colour in the artwork/design overleaf or create their own artwork that will bring the community's attention to the correct way to present bins on their bin night.
